Japanese Online Test (JOT) is a computer-based test (CBT) recognized and approved by the Ministry of Justice's (MOJ) Immigration Services Agency (ISA). It tests Japanese language capability based on a certain number of levels: JT1-JT5 and has certain sections like, vocabulary, grammar, reading, and listening tests. JOT also holds part of the Japanese tradition, which accommodates a comprehensive evaluation for those who want to come to Japan to live, study, or work.
